Pioneer Funds — 2021 Qualified Interest Income Statement

As of December 31, 2021

amundi.com/usinvestors

Certain Pioneer Funds generate qualified interest income that may be exempt from United States withholding tax on foreign accounts per The American Jobs Creation Act of 2004 (“The Act”), subsequently made permanent under the Protecting Americans from Tax Hikes Act of 2015. The Act permits a regulated investment company (“RIC”) to designate distributions of qualified interest income and short-term capital gains as exempt from U.S. withholding tax when paid to non-U.S. shareholders with proper documentation.

The following table lists the percentage of qualified interest income and short-term capital gains for each Pioneer fund as of its last fiscal year end. The information is subject to change. We recommend that you consult a professional tax adviser for further information.
